Parents, Students, Staff, and Community Members:

Today the District received information regarding a potential threat at the High School made via social media. The information was unsubstantiated. We would like to notify everyone that all concerns and issues were addressed immediately and actions have been taken to preserve the safety of all our students. The District is working with Law Enforcement and will continue to do so in order to maintain safety. Our top priority is the safety of our students and we take these situations very seriously.

Thank you.

Respectfully,

Shawn McCue Ed. D.
