

# Kindergarten

## Potosi Elementary Summer School 2019

### Class #1 - "The Magic School Bus"

Mrs. Saunders

Mrs. Saunders is calling all students to board the "Magic School Bus." Hop aboard the "Magic School Bus" and explore the world of Kindergarten through adventure and fun. We will be boarding the bus and driving into learning by "eating the alphabet", digging up dinosaur bones, exploring the colors of the rainbow, visiting the world of ocean life, planting seeds, and much more. Please plan to board the bus with Mrs. Saunders and enjoy learning through books, crafts, painting and fun!

### Class #2 - "Mad Scientist Discovery Lab"

With Mrs. Dotson

Discover a world of experiments and learning"! Let your child experience the fun of learning and making discoveries through amazing experiments, all the while getting your child ready for kindergarten! There will be classroom rewards, loads of experiments such as: (explosive volcanoes, recreating the phenomenons of weather such as rain clouds, tornadoes and snow... Etc), fun scientific crafts, painting, art, music, *outside* adventures, theme days, computer games, nature walks, games and so MUCH more! Who knows what our curiosity might lead us to discover! All this fun.... While learning the social skills and academics that your child needs to be prepared for kindergarten! We are going to have a **BLAST!** Don't miss out of this explosively good time!!!!

### Class #3 - "Dive Into an Ocean of Learning"

With Mrs. Degonia and Mrs. Trentman

Dive into an "ocean of learning"! Let these kindergarten teachers, along with SpongeBob, Patrick, The Little Mermaid, Rainbow Fish, Nemo, and lots of other friends, help get your child ready for kindergarten! There will be classroom rewards, lots of crafts, *edible* ocean creations and cooking, painting, art, music, outside adventures, theme days, such as Luau Day and Pinata Party Day, computer games, treasure hunts, games and MUCH more! We will learn the social skills and academics that your child will need to be prepared for kindergarten! Don't let this wave of fun and learning pass you by!!! We hope to "sea" you there!

# POTOSI ELEMENTARY SUMMER SCHOOL 2019

## 1<sup>st</sup> Grade

### **Class #1 - With Ms. Gazaway**

Are you a first grader that has ever asked how and why things work? Then you are ready for STEM (Science, Technology, Engineering, and Math)! Join Ms. Gazaway as she turns aluminum foil into rainbow paper, makes HOT ice, creates tornadoes in jars, and frost in a can! We will also explore building bridges from straws and create model homes from craft sticks. We will create sailboats using marshmallows, floating rafts, and we will even make telephones that really work!! If you are interested in learning and exploring then this class is for you!!

### **Class #2- With Miss Grant and Mrs. Beers**

Whether it be art or technology, this class is all about creating! Glue, glitter, stickers and more! With Miss Grant, you'll get to cut, paste, and create! Cards, pictures, paper animals, picture frames- the possibilities are endless! This class is all about using the imagination and being creative, while learning how to follow step by step directions, an important life skill. Summer school is also a time to learn about technology! We will be a computer class! We will learn how to make PowerPoints, brochures, Digital journals, keyboarding, video making, games and much more! Kids will learn how to use technology in many ways. This class will build tools kids will use for life! If you like crafts and technology then Miss Grant and Mrs. Beer's summer class is the one for you!

# POTOSI ELEMENTARY SUMMER SCHOOL 2019

## 2 Grade

### **Class #1 - "Lights.....Camera.....Action"**     *With Mrs. Dickey*

How would you like to become famous? Have you ever thought about being an actor or actress? Ms. Dickey and Mrs. Sansegraw will be creating movie stars in the Lights, Camera, Action Summer school class for 2<sup>nd</sup> graders. The students will get the opportunity to read and learn plays and be assigned parts before producing and acting out to become famous actors and actresses. Using props, the students will perform for other students and staff at Summer school after a piece is perfected. Not only will this promote confidence and promote speaking and listening skills, but will improve the students' reading skills as they learn each piece to be acted out. We are excited to start this month long journey to promote our future performing arts students and improve reading comprehension skills at the same time.

### **Class #2 - "Wet, Wild, and Wacky Science Fun"**     *With Mrs. Loretta Bouse*

Come and join the science fun. We will do water slide races, time each other on water slides, and measure to see who goes the farthest. We will measure how far our water guns can go and have a few days of water fun. We will make slime, and go on fossil hunt in an ice. We make homemade ice cream and snow cones for a nice treat. We will make moon sand, volcanoes, snow fluff, and lava lamps. We will race remote control cars and create our own animated characters using water and markers. Come and join the fun with Mrs. Bouse. We will challenge Mrs. Hager's 3rd grade class to daily competitions and we will graph our wins and losses!

### **Class #3 "Summer Camp"** with Mrs. Missey and Mrs. Eden

Come join Mrs. Eden and Mrs. Missey's SUMMER CAMP packed full of fun! Each week will be a different theme for summer.  
Week 1: Aquapalooza! During this week we will celebrate summer with watery fun, slipping and sliding our way into summer.  
Week 2: Move It, Mix it, Mess it! This week we will get hands on with silly, slimy, and sticky adventures. YES, this includes slime!  
Week 3: Team Up Challenge Week! We will get into groups to play games and projects with our friends using teamwork.  
Week 4: Summer Camp out! We will end summer with a campout! We will make tents, have snacks, and go on many adventures.  
We hope you come join us this summer packed full of fun!!

## 3<sup>rd</sup> Grade

### **Class #1 - "Wild and Wacky Science Experiments"**    *With Mrs. Hager*

Come and join the science fun. We will do water slide races, time each other on water slides, and measure to see who goes the farthest. We will measure how far our water guns can go and have a few days of water fun. We will make slime, and go on fossil hunt in an ice. We make homemade ice cream and snow cones for a nice treat. We will make moon sand, volcanoes, snow fluff and lava lamps. We will race remote control cars and create our own animated characters using water and markers. Come and join the fun with Mrs. Hager.

We will challenge Mrs. Bouse's 3rd grade class to daily competitions and we will graph our wins and losses!

### **Class #2 - Games, Games, Games**    *With Mrs. McCoy and Ms. Reary*

We love to play games! This summer we will have fun playing and learning the rules of games. Come be a team player and join our classroom for a fun day filled with gamers. Together, we will be playing board games, video games, computer games, tag, kickball, dodge ball, whiffle ball, etc. If you have a favorite game that you love to play, come to summer school and share the experience with your friends!
